Dear Chairman Bear,

Please allow this memorandum to serve as an application update for the First Responder Communication System for Franklin County.

The reduced scope of work for the submitted application breaks the project into two phases. Phase I will be to procure and hire a communications consultant to evaluate the communications needs for Franklin County. Phase I is estimated to cost up to \$775,000. The Franklin County Board of County Commissioners is requesting up to \$750,000 from Triumph Gulf Coast and agrees to provide \$25,000 as the Phase I local match - see attached exhibit A. Franklin County will submit a Phase II funding application for the construction and implementation of the system upon completion of Phase I.

Thank you in advance for your support and assistance in obtaining the funds for the First Responder Communications System.

Sincerely,
