RE: Escambia County Withdrawal of Application for OLF-8 Phase 1 Infrastructure Proposal

Dear Mr. Trumbull,

On behalf of Escambia County Board of Commissioners, I hereby withdraw our grant application for the OLF-8 Phase 1 Infrastructure proposal as there is no imminent business that is proposing to construct a facility on the site that would create the anticipated new jobs proposed in the application. Escambia County will submit a new application when a new prospective business is identified.

If you have any questions, please contact my office at 850-595-4902.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wesley J. Moreno".
